RE: Special Permit Application  
5-7 Craig Road, Acton, MA

Dear Chairman Bettez and Members of the Board:

As you are aware, this office represents SBA Towers II, LLC regarding a proposed wireless telecommunication facility to be located at 5-7 Craig Road in Acton, Massachusetts. Attached to this letter the Applicant has included six (6) full sized copies of the revised site plans along with six (6) reduced copies of the revised site plans. The revised plans show the proposed 170' tower in a slightly different location than the original plans proposed. The reason for the revision is that it was recently determined that the original location placed the proposed tower and associated equipment shelters within the 100' wetland buffer area. After discussions with the Town of Acton Conservation Commission, the Applicant determined that a relocation was possible and in the best interest of all parties. Please allow these documents to supplement the Applicant's original application for the above referenced property. If you have any questions or comments, please do not hesitate to contact this office at the number listed above. Thank you in advance for your time and consideration.

Sincerely,  
Deschenes & Farrell, PC

Kevin S. Eriksen
